REGIONAL NEW ADMINISTRATOR 3-DAY SERIES & INTER-RATER RELIABILITY REFRESHER

2025

We are looking forward to working with you and your new administrators again!

This training is designed for new administrators who will be using the Stronge System for the first time. As per AchieveNJ, new administrators must be thoroughly trained on the implementation of the evaluation instrument before they begin the observation/evaluation process.

Inter-Rater Reliability Refresher Training (Day #3) is designed for experienced and novice administrators for the purpose of summative evaluation and fulfills AchieveNJ regulation for annual refresher training.

Itinerary

- **Day 1:** The focus is on the TEPES+ System and includes walk-through simulations.
- **Day 2:** The focus is on the ESEPES System and includes a summative simulation practice.
- **Day 3:** This is the Annual Inter-rater Reliability Refresher & Recertification Training and includes the "NJ Hour" prior to participating in two summative simulations.
